

Ministry of Health and Long-Term Care Community Mental Health and Addiction Programs

Transfer Payment Agreement Schedules Guide and Template

INTRODUCTION

The intent of the “Community Mental Health and Addiction Program” (CMHAP) funding is to strengthen system support functions and direct services for the purpose of advancing **Phase 2 of Ontario’s Comprehensive Mental Health and Addictions Strategy**, which consists of five strategic pillars:

- Pillar 1. Promote resiliency and well-being in Ontarians
- Pillar 2. Ensure early identification and intervention
- Pillar 3. Expand housing, employment supports, and encourage diversion and transitions from the justice system
- Pillar 4. Right service, right time, right place (improve coordination and transitions)
- Pillar 5. Fund based on quality and need (funding reform)

CMHAP activities relate to one or more of the following system support functions and/or direct services:

1. **Information Management:** activities related to the management of mental health and addiction service system information, including personal client information.
2. **Collaboration & Collaborative Care:** activities related to collaborative care and collaboration in general, including new inter-agency relationships resulting in new protocols and agreements.
3. **Training and Professional Development:** activities intended to ensure appropriate initial & ongoing education and training of professionals/ para-professionals required to perform the full range of system functions.
4. **Knowledge Translation and Exchange:** activities intended to influence service provider behaviour through better knowledge of emerging issues and best-practices. Activities include clinical guideline development, promising practice identification, knowledge translation, knowledge transfer and mentoring, as well as monitoring and evaluation of the success of research and knowledge exchange.
5. **Service and System performance, Monitoring and Evaluation:** all quality assurance and standards activities intended to ensure that: a) services and supports are producing desired client outcomes; b) the system is operating in a way that supports improved client outcomes.
6. **Direct services:** activities involving client assessment and care planning, referrals to follow-up services/supports, and interventions to improve functioning and quality of life, support self-management, wellness, recovery and harm-reduction.

II. HSJCC Objectives

a) Committee's over all goals and key commitments:

The NY-HSJCC works collaboratively:

- *To engage in cross-sectoral planning, coordination, collaboration and integration of services for individuals with mental health and substance use issues who are involved or at significant risk of being involved with the criminal justice system.*
- *To identify local priorities for planning coordinated services and establish a process for planning and joint problem solving in relation to these local priorities.*
- *To improve transition at juncture points within services and systems for individuals who come into contact with the justice system*
- *To assist in addressing local needs and reporting to the Toronto HSJCC to help inform systems planning at a regional level.*

b) Committee's specific objectives:

The NY-HSJCC works collaboratively:

- *To assist in developing and maintaining an accessible and well-functioning system of mental health, justice and related services that work together to improve the transition between services and sectors of the Committee's target population. This includes service provision to and through the services and supports that they need, when they need them.*
- *To assist with improving the quality of services for individuals with mental health and substance use issues who are involved with the criminal justice system, including making specific matches between clients and services both initially and through clients' individual recoveries over time.*
- *To assist to minimize the amount of time people spend in correctional facilities waiting for assessments, e.g. (fitness, Form 6 and/or services they need to support their safe, successful release and re-integration back into the community).*
- *To assist in reducing recidivism.*
- *To assist in the identification of barriers to achievement within the above objectives, with particular focus on identifying and addressing barriers at the juncture points between the mental health, substance use, criminal justice and related systems.*
