The committee indicated that they would like a presentation on Passport Funding

Constable Bob Bernie & Marcel Penner to follow-up on the information below:

Sara followed up with information shared by Kyla Storry on the numbers of calls received by police which was the following:

In 2014 there was 55 calls from police (this includes Treaty 3, OPP, Dryden Police Service and NAPS). Kyla did indicate that this is not a true picture of how many calls are from police as they do not collect information on secondary service involvement or referral sources. It is anticipated that over 50% of referrals for individuals that come to the Dryden Regional Mental Health Center are brought in by police.

In 2014 the Kenora Rainy River District Crisis Response Services received 559 referrals from the hospitals in the Kenora Rainy River District.

The police, hospitals and the crisis program collaborated on at least 300 of those calls

Based on this information the committee would like more information from the OPP in Kenora on mental health contacts and will request that Constable Bob Bernie provide this to the committee.

Bob Bernie provided the following information on how many police contacts the OPP had that were mental health related which is reported from April 2015-November 2015 which is 88. Bob will be looking into more specific data on how many times the Crisis Response Services were contacted.

Constable Rhone indicated that there is way to run reports related to mental health calls that are district wide.

Bob Bernie indicated that a meeting has been set up with Marcel Penner from the District Crisis Response Services to discuss the above.

Bob Bernie indicated that a meeting occurred last week at FIREFLY and there have been 24 kids under the age of 16 that have accessed the Kenora Rainy River District Crisis Response Services. They are looking at an interim solution to be implemented until the end of March 2017 with the collaboration of the following agencies:

- OPP
- FIREFLY
- Kenora Chiefs Advisory
- Kenora Rainy River Child & Family Services

- Anishinabee Abinoojii Child & Family Services
- Kenora Rainy River District Crisis Response Services
- Lake of the Woods District Hospital

They will then be looking at funding for sustainability on the solution they develop.

Bob indicated that the conversation has been ongoing and there is currently a funding proposal being discussed with the District Crisis Response Services. This proposal is looking at a mobile crisis response model for both youth and adults.

Bob indicated that the District Crisis Response Services has been completing shift briefings with their officers and a collaborative protocol is being put in place for all police services in the province

BOB & MARCEL will provide an update on the collaborative protocol for the next meeting.

Patti Dryden-Holmstrom & Marcel Penner will follow-up on the information below:

Some committee members indicated that they were having some difficulties in accessing the services of the Kenora Rainy River District Crisis Response Services. There was discussion about the mental health bed in Kenora being located at the Detox Center as individuals wanting to access this bed indicate that they do not want to due to its location.

There was discussion on if this bed could be a possible “virtual bed”.

It was indicated that members of the committee have had success in accessing the mental health bed as well as services through the Kenora Rainy River District Crisis Response Services when they:

1. Speak about having a mental health issue
2. That they do not indicate that they are calling about being homeless

It was indicated that the committee would like the follow information to be looked into for the next meeting:

1. A sub-committee to be struck to discuss access to the mental health bed in Kenora and ongoing issues. This committee was identified as Diane Pelletier, Patti Dryden- Holmstrom and Kyla Storry

This meeting occurred with the following individuals: Patti Dryden-Holmstrom, Diane Pelletier, Kyla Storry, Bruce Siciliano, Donna Indian & Sara Dias. As the current bed is

currently placed at the Morningstar Detox Center as this is an economically feasible location the strategies identified by all parties was to engage in awareness activities for organizations and staff around the Morningstar Detox Center to assist in reducing the stigma related to individuals perceptions around the facility. Strategies will be identified to the committee once identified.

Patti provided the following strategies that are being put in place to assist in addressing the stigma related to access of the mental health bed at the Morningstar Detox Center:

It was indicated that the Community and Service providers have been in the center accessing the following:

Education Events

To access our OTN site, for assessments, education and meetings

Participation in Fall Fast

They are also planning Drug Awareness Week activities

They had a visit on October 21 on site from the Accreditation Team

Hosted a student from Confederation College

2. Patti Dryden-Holmstrom to provide the committee with utilization numbers for usage of the bed for the next meeting

Sara received this information from the Dryden Crisis Response Services, Marcel Penner which indicated the following:

- Fort Frances Admission: 7 with 23 days of use
- Kenora Admission: 8 with 24 days of use

3. **Patti & Diane will request intake criteria for bed utilization for the mental health bed to be presented at the next meeting**

Crisis bed admission for Kenora and Fort Frances was provided to the committee and reviewed there are some questions that the committee would like some clarification on which are the following:

Exclusionary criteria:

Having a primary diagnosis of organic brain syndrome: Does this include FASD?

PATTI: will be following-up with Marcel on the responses provided to the questions

PATTI: also indicates there is a meeting with partners to discuss high risk youth that will occur on September 9th, 2016

It does not. We have had clients here with FASD and continue to admit.

Have severe physical health problems: Need some more information around this item.

This would be regarding an individual that would require hospitalization for stabilization. Perhaps they have acute wound care needs that cannot be adequately managed by our staff. Our staff do not have medical training there are no doctors or nurses on site.

Have convictions of assault (excluding spousal assault, charges that occurred more 10 years ago or more, and/or alcohol-related convictions): If there is a risk assessment or risk management completed will these convictions be considered?

If a person has had a history of assault recorded as a conviction within the past 10 years and were not intoxicated at the time of the assault. Exceptions are made based on the situation and this will be left up to the process of assessment at the time of consideration of admission.

Are currently under the influence of drugs or alcohol (not applicable to Kenora admissions): Does being admitted to the Detox for 72 hours prior and then transferred to the mental health bed address this criteria?

Yes a 72 hour detox may address this criteria however as crisis is self-determined and time limited we are speaking here about the immediate time of intervention. If they want to attend to the unit for crisis stabilization they must be sober at that time. Perhaps there may be circumstances where we could admit them into our own detox program if substances are on board and then transfer them to the crisis bed, of course after medical clearance.

Does the exclusionary criteria apply to all individuals or is this criteria flexible and examined for each case.

and will provide an update at the next meeting.

Patti indicated that this was cleared with Marcel and there is the only exclusionary criteria is on the basis of individuals history such as sexual assault not based on the diagnosis.

As mentioned previously there is always room for discretion and addressing client's needs on a case-by-case basis.

The committee has also requested to know number of individuals that have been accepted since April 1st, 2015 for both the Kenora & Fort Frances bed and number of individuals who have not been accepted based on the exclusionary criteria. As well is there a pattern of usage at all for both beds.

I cannot tell you how many people have not been admitted due to exclusionary criteria, though that is a very interesting question. Perhaps there is a way I can figure this out with the data base but I will need a bit more time to learn how.

Sara will follow with the information below:

Patient Advocate Role – Derek Laffin

There is a concern that the role of the patient advocate office is not extended to outpatient clients who are in the community. The committee has indicated they require clarification on this.

Sara will follow-up with this once there is time in the agenda for coordination of this presentation.

Provincial HSJCC

i. Transportation issues in relation to court ordered assessment for children and youth

Sara presented the information to the committee that was in the briefing note dated February 25th, 2016. The committee indicated that they would be taking the information back to their district tables for

SARA: this will be removed from the agenda.

MARCEL: to report on this item once this is figured out within the database.

SARA: this will be removed from the agenda.

SARA: will contact the Patient Advocate Office to request a presentation for the next meeting

SARA: to provide information to the table has it is received from the other District tables within the province.

discussion and provide the KRRDHSJCC with any information that they may have around this area.

Ryan Baird from the Ministry of Children & Youth Services indicated that if a youth is currently under a services there may be potential for some assistance from their ministry. Ryan indicated that he would be discussing this with Chad English from our region to provide an update.

Chad provided the following response:

Youth Justice would only be part of funding transportation if the client is actively assigned to a Probation Officer. If the youth is in detention being held in one of our facilities, we will most certainly cover the cost of the transportation. If the youth is within 30 days of a release from detention (undertaking etc.) we can still look at funding. However, once 30 days passes, the youth is no longer under the Youth Justice supervision and therefore no mechanism to fund for transport.

The committee indicated that this is still a problem for s.34 assessments being ordered for youth who are out of custody. OTN is not the ideal option and without any adjudication there is no funding available for these use to obtain transportation to get to the assessment. The Psychologist comes to Kenora to complete the assessments.

The committee has requested that the above response and issue be sent to the Regional and Provincial HSJCC for further comments.

The Provincial HSJCC Committee has requested that this be sent to the Regional HSJCC (NCOR)

This issue has been taken to the NWCOR and is moving through their issues management process.

The NWCOR spoke to this issue and connected with FIREFLY who provided the following information:

In response to the request for further details related to strategies we are implementing to address the potential barrier posed by travel for Section #34 Assessments, please see below in terms of the procedure we are currently following based on feedback from both Dr. Stambrook as to the limitations of utilizing OTN and Ginette Henwood, MCYS Program Supervisor for FIREFLY Youth Justice Programs.

CHAD: to provide an update on the conversation with Ryan.

SARA: will place this on the next agenda as there were some committee members with some questions from the response who were not present at today's meeting.

STEP ONE

Once a Section #34 assessment order is received for a youth residing in a remote northern community, the FIREFLY Counsellor (Amy Stamp) contacts the client's legal counsel to confirm who the probation officer is and whether or not there are any existing mental health supports in the youth's home community (or wherever they are currently residing).

STEP TWO

Once a determination is made as to who best understands the youth's needs currently, follow up occurs to explore the possibility of the Section #34 taking place over OTN in the community OR if the youth would be better served by travelling to Kenora to participate in the assessment. Once additional feedback is received, a decision is made about whether the youth will be supported to travel to Kenora OR receive the assessment through OTN.

Youth Who Travel to Kenora for Section #34 Assessment:

Several factors are considered in deciding whether or not to support travel for the youth to Kenora for the assessment. This includes whether or not there is a parent / guardian able to accompany and supervise the youth while in Kenora due to potential risk factors. If travel is required, FIREFLY alerts MCYS Program Supervisor, Ginette Henwood as to the anticipated costs associated with the required travel.

Youth Who Received Section #34 Assessment via OTN in their home community:

In order for the assessment to take place over OTN, and ensure the safety and well-being of the youth, the support and presence of a responsible adult (mental health counsellor, remote community worker, probation officer, guardian / parent) is required.

It was indicated that funds will be available by the Program Supervisor through MCYS as needed.

Northwest District Advisory Committee Meeting: May 13th, 2016

Sara has been requested to sit on this Advisory Committee for Legal Aid Ontario. The first meeting occurred and there have been updates on the following:

- Legal Aid's Mental Health Strategy
- Aboriginal Justice Strategy
- Expanded Legal and Financial Eligibility for service levels.
- Thunder Bay is coordinating an Indigenous Court in Thunder Bay

NorthWest District Advisory Committee Meeting: November 18th, 2016

Meeting took place and Sara was in attendance the following were areas discussed:

- i. Legal Aid Ontario Mental Health Strategy updates

Strategy is underway and focuses on 3 Pillars:

1. Rights:

- Legal Aid has a special responsibility as a leading mental health rights advocacy organization in Ontario
- Need to expand financial and legal eligibility to deal with more mental health rights advocacy matters
- Recognize growing need for civil mental health rights advocacy in areas like police records, driver's license suspensions, etc.

2. Access:

- Relationships are transactional, services are siloed, assistance is reactive and hard to find, and that legal needs are multiple and intersectional
- Developing more embedded community-based services to increase trust, ease access to justice and provide continuity and connection across multiple legal services
- Partnering with trusted intermediaries to expand access to legal services
- Exploring development of more flexible, open-ended certificates to better address multiple and intersecting legal issues

3. Sustainability

- Too many mental health initiatives are one-offs that don't

SARA: will request Legal Aid Ontario present at upcoming meetings of the information listed.

SARA: will request Legal Aide Ontario present at upcoming meeting of the information listed.

sustain change

- Introducing province-wide mental health training program in November 2016
- Expand mental health rights advocacy capacity around the province with greater mentorship and specialized services
- Foster great voice for clients
- Commit to long-term changes
- Continue the conversation

Mental Health District Leads

Sharon Scharfe has been identified as the Mental Health District Lead for Northwestern Ontario for Legal Aid Ontario.

LEADS are asked to update the training manual and create communities of practice within their districts.

Intake Tools for lawyers are to be localized and developed with community partners.

iii. "Core Training" for lawyers

Sharon indicated that Legal Aid is advocating for base training for lawyers. Mental Health Leads will have access to the forensic bed registry

ii. New intake tools for lawyer

Sharon indicated they will be discussing intake tools at their next meeting and this will be unique to each district/region.

Sharon has indicated that she has completed training internally for staff and that full training will be coordinated for the spring.

Claudine Longboat-White provided the following update in regards to the Northwestern Ontario FASD Clinics:

- A Northwestern Ontario FASD Clinic Referral Process map was shared with the group and this information is for internally use only and is not provided to families but to service providers
- There have been 10 clinics that have been completed
- In October of 2017 additional funds were received to completed 10 further assessments in addition to what was received for funding
- Youth justice clients get moved ahead of everyone on the list
- There has been a decrease in the number of individuals diagnosed

SHARON: will provide updates at the next meeting on developments.
SARA: will make this a standing agenda items for the committee moving forward.

- Reasons for this decrease are because of the new guidelines as some people would have received a diagnosis with the old guidelines
- Previously the clinic was seeing the most serious cases
- Now the clinic only needs to have a confirmation from a reliable resource of consumption of alcohol in utero
- The clinic has partnered with FASD for research and will be contributing to a national and international database
- The added pieces to the diagnosis can now prolong the assessment being completed. Now affect regulation determination has been assessed and this will prolong the assessment
- *****Manitoba uses a screening tool specific to FASD*****
- Non-Insured will not fund transportation for assessments in the far north
- FIREFLY has supported these costs and child welfare organizations as well
- Police can make referrals to the program and these referrals are normally being received once the individual has been to the RISK Table and there is confirmation of alcohol exposure

Northwestern Ontario FASD Diagnostic Clinic Updates

Patti indicated that in order to assist in completing the FASD Assessment having access to s.34 assessments is important, however these are very difficult to obtain. The question is how this can be released as the clinic requires these assessments.

Michelle Guitard indicated that the report needs to be released by the court to the FASD clinic directly.

Treaty 3 Police: Crisis Services – Kris Micalash

This was tabled as Constable Micalash is no longer on the committee. The committee will require representation from Treaty 3 Police on the committee to address the identified issue above.

Will Scutt has indicated that he will follow-up with Treaty 3 Police for representation.

Bob has indicated that he has followed up with this and a representative will be provided for the committee.

Sioux Lookout OPP: Crisis Services – Nicholas Rhone

Bob Bernie has indicated that he will follow-up with The Sioux Lookout OPP for

PATTI: will obtain this screening tool and forward to the Sara to disseminate to the committee.

BOB: will provide an update on this for the next meeting.

	<p>representation.</p> <p>The representative is Inspector Daniel Davidson who has been added to the distribution list.</p> <p>Patient Advocate Role – Derek Laffin</p> <p>There is a concern that the role of the patient advocate office is not extended to outpatient clients who are in the community. The committee has indicated they require clarification on this.</p> <p>Sara has received an update from the Psychiatric Patient Advocate Office in Thunder Bay around the above and it has been clarified that rights advice services are only to inpatient mental health Schedule 1 hospitals and to clients on Community Treatment Orders in hospital or community. There are no other rights advice services. There is a responsibility for a health practitioner to provide “rights information” if declaring a person incapable for treatment, admission long-term care etc. as to their college directive.</p> <p>The committee would like clarification on if rights advice is offered to individuals who are to be admitted to a long-term care facility.</p> <p>The committee would also like to have a presentation and dialogue around this for an upcoming meeting.</p> <p>Sara has received further information from the Psychiatric Patient Advocate Office in regards to the above and it has been indicated that they do not provide rights advice for individuals found incapable for long-term care admissions They only provide rights advice to individuals in Mental Health, Schedule 1 Psychiatric Units or individuals on Community Treatment Orders for treatment incapacity.</p> <p>The Psychiatric Patient Advocate Office provided an article on Consent and Long-Term Care that was provided to the committee prior to the meeting for review.</p>	<p>SARA: will contact the Patient Advocate Office to request a presentation for the next meeting</p>
<p>Updates on the Work Plan for 2017-2018</p>	<p><u>Information Sharing Network Development: Criminal Justice Service Agreement & Navigation Maps</u></p> <p>The indicators have been finalized by the parties that have signed onto the agreement and Data from 2017-2018 for all 4 Quarters is being requested to be submitted. A</p>	<p>SARA, DIANE, MICHELLE & PATTI: will update the committee at the next meeting.</p>

report will follow after the third year of data from 2018-2019 has been submitted. **This report will therefore be completed in 2019 to be presented to the KRRDHJSCC.**

The navigation maps require some updating which will be made within the next few months. The maps at the present time can be found on the Canadian Mental Health Association, Kenora Branch's website at www.cmhak.on.ca if anyone would like copies.

There is currently no representation from Kenora Chiefs Advisory on the committee which has been sought.

Developmental Services Ontario:

The following are the number of individuals involved within the Court Diversion/Court Support Program who have a cognitive disability:

In Quarter 2 for 2017-2018:

5 individuals waiting for Diagnosis

5 individuals waiting for completion of the Developmental Services Ontario Application Package

8 individuals completed Developmental Services Ontario Application Package and are waiting services

13 individuals receiving services

1 individuals who have accessed urgent response

Sara will request the same information from CMHA Fort Frances, Court Diversion/Court Support Program.

The Dual Diagnosis Collaboration Agreement has been signed and training has occurred with CMHA Kenora Branch staff in regards to the shared program for staff to assist with communication in regards to ongoing high risk behaviours and other information in a consistent and efficient way.

SARA, JESSICA, KYLIE & DEREK: will be meeting with Ne-Chee Friendship Center to review the navigation maps and make changes where appropriate based on new services available.

RIKKI & MICHELLE: to provide numbers for CMHA Fort Frances

SARA & DIANE: to provide an update for the next meeting.

There currently is one individual who has been admitted to the Dual Diagnosis Bed at this time.

The sub-committee has met and reviewed the first year data and will continue to track the indicators identified.

It was identified that there is a transitional coordinated position through Developmental Services that assists youth who have a developmental disability who are transitioning from youth services to adult services. This position was indicated works with Child Welfare organizations to assist with coordinating a transition plan. The committee would like a presentation on this position moving forward.

Mobile Crisis Model Reviews:

Presentations will be coordinated around different models within Northwestern Ontario that are being developed to support mobile police crisis services. The models to review are the following:

- Sioux Lookout OPP
- Thunder Bay Police Service with CMHA Thunder Bay

Presentation occurred at today's meeting and discussion will follow for the next meeting.

Sub-Committee has been struck and is currently reviewing feedback from the committee as well as data.

Forensic Training:

The sub-committee has begun to meet to discuss the topic for the next training that will be occurring in September of 2018 in Kenora. The following are the topics for the conference:

- *FASD within the criminal justice system*
- *Concurrent Disorders and models of intervention*

SARA: will connect with Kelly O'Brien to coordinate a presentation at a future meeting.

MARCEL: to provide updates at the next meeting in regards to the work the sub-committee is completing.

SUB-COMMITTEE: to provide an update for the next meeting.

SARA, SHERI, NANCY, NAN: to provide an update for the next meeting on developments of the conference.

Training has been set for Kenora for September 25th & 26th, 2018 and the Save the Data will be distributed with registration details in the next month.

Inventory of mental health & addiction resources available within First Nation Communities within the NorthWest LHIN:

Meeting with the sub-committee has taken place and discussions are being had around what information for the resource will be of benefit. A meeting has occurred with Connex Ontario with the sub-committee and updates will be provided at the next meeting.

Connex Ontario has indicated that they would like to support this work by incorporating the following into their dashboard:

- Nursing Stations
- Nursing Stations which have OTN capability
- Residential Treatment Centers that are on First Nations Communities

The working group will continue to move forward to develop the directory via electronic and paper and will continue to engage in discussions with Connex Ontario on the above and provide further updates.

The current template has been sent to the developer and once completed this will then be shared with Connex Ontario.

Meeting with Ron identified the following:

- In April of 2018 Connex Ontario will be moving to one number for all services (mental health, addictions, gambling) and there will not be 3 separate phone lines.
- Ron indicated that in regards to the workplan item Inventory of mental health & addiction resources available in First Nation Communities within the Northwest LHIN the following can be created for the group in Connex Ontario:
 - Identify services by population, age range, Indigenous
 - Can match the needs of clients to services

SARA, SHARON, DIANE & JENNIFER: will provide updates for the next meeting.

- Can track availability of services
- Can create a secure log for users and this would allow for tracking of who is accessing the information
- Can create the system which is open to the public so anyone can search the information
- Depending on which approach is chosen by the committee this can be changed at a later time
- This information in the system would be reviewed yearly and therefore kept up to date
- Connex Ontario could connect to nursing station to update information

The committee indicated that they would like to develop a dashboard that is available to the public and is not password protected.

The completed printed copy of the inventory was provided to those committee members present and for those not present or for future reference the inventory can be found on the CMHA Kenora Branch website at www.cmhak.on.ca under the KRRDHSJCC tab.

Form 2 Protocol:

Form 2 Navigation Map and information was approved by the Mental Health Court Stakeholders Group and has been disseminated to the Justice of the Peace's, community agencies, clients and families.

The navigation map can be found on the Canadian Mental Health Association, Kenora Branch's website for future reference at www.cmhak.on.ca.

There was 1 inquiry on what occurs if someone is not admitted on a Form 1 after being sent to the hospital on a Form 2. It was indicated that:

- For Non-First Nation individuals medical services transport individuals

SUB-COMMITTEE: will follow-up with Ron on developing the dashboard.

SARA: to provide an update for the next meeting.

- For First Nation individuals non-insured health benefits will transport

At this time the Mental Health Court Stakeholders Group will be requesting follow-up from the Lake of the Woods District Hospital in regards to setting up a formal protocol with the Kenora Courts. This will be discussed in the next coming year at the meetings and updates will be provided to the KRRDHSJCC.

Form 1 Agreement Development:

Currently the sub-committee has not met as not all parties have been available on holidays. The sub-committee will look at meeting prior to the next HSJCC committee meeting to provide an update.

It was indicated by Carol & Brenda that the reason the committee has not met to date as there are new developments occurring around psychiatry access at the jail. There is an agreement with the Royal Ottawa Hospital to use OTN services for access to psychiatric services. Dr. Zahlan would be the chief psychiatrist. This agreement starts December 7th, 2016 and the psychiatrist via OTN will prescribe and can Form 1 to the Lake of the Woods District Hospital. The process of how the Doctor will Form 1 an individual will be discussed with Dr. Zahlan and will be reported to the committee for the next meeting.

This pilot is being started in Kenora and then Fort Frances and will occur every Wednesday.

Dr. Zahlan will be meeting with the sub-committee to discuss the above process.

The committee is waiting to hear from the Kenora District Jail on how to move forward with this item.

There was some discussion on if psychiatric evaluations around formability under the Mental Health Act can occur over video or OTN.

The Form 1 Collaborative Agreement was sent to all parties for review and is waiting on signing.

Development of Post Custody Enhancement Program Collaboration Agreements

A meeting has occurred between CMHA Kenora Branch and the Lake of the Woods District Hospital to identify the issues around release of individuals from Mental Health Court. A further meeting was set up with the Kenora Crown's Office to discuss and a follow-up meeting is occurring in August 2017 with the Court User's Group.

CAROL, BRENDA & STEVE: to provide an update for the next meeting.

A presentation on the Red Bag Program within the province of Ontario will be set up for the committee.

PRESENTATION: *Discharge from Distant Court Protocol*, Khatija Laloo, Corporate Lead Institutional Services Ministry of Community Safety and Correctional Services

Khatija Laloo provided the following highlights:

- Criteria for the DDCP are: Inmates, 18 years or older, who will be released from a distant court and are identified as vulnerable, with no ability to retrieve essential property from the facility and when released at the distant court. It is up to the local institution to define what a distant court is.
- Vulnerable persons who have a diagnosis or symptoms of altered mental capacity.
- Process is that the gap in service for the inmate is identified.
- The institution has an internal process that is followed.
- The DDCP will be implemented to all institutions who house remand inmates across the province of Ontario over 2018. This will be a phased approach with sites in the province.
- Proposed sites:
 - Easter Region – OCDC expansion and OPP OTP
 - Central Region – Vanier Centre for Women and OPP OTP
 - Western Region – South West Detention Center (SWDC) expansion and OPP OTP
 - Norther Region – North Bay Jail and OPP OTP

The presentation slides will be forwarded to the committee for review.

Brenda Robertson will follow-up with Steve Walker from the Kenora District Jail to discuss this program and provide an update to the committee for the next meeting.

Patti also identified that the Lake of the Woods District Hospital received a Post Custody Worker .5 FTE that is being used for relapse prevention programs at the Kenora District Jail.

Rapid Intervention Services Kenora (RISK) data review and system issues identified and discussed with Regional & Provincial HSJCC Committees

The data is being reviewed by the RISK Steering Committee and a meeting has been set up with FIREFLY and a meeting has been requested with KCA. Information from this meeting will be shared with the committee at the next meeting. Specifically the focus of the meetings are to provide the data that indicates that 12-17 years of age are

Top Risk Factors: Mental Health, Drugs and Alcohol 82% of Overall Risk was lowered.</p> <p>The following question has been posed to the NWCOR for discussion based on the data review:</p> <p>What is happening provincially around inter-ministerial partnerships to address the underlying issues that create barriers to children attending school on a regular basis?</p> <p>ALL IDENTIFIED COMMITTEES WITHIN THE WORKPLAN WILL REVIEW ALL FINAL DOCUMENTS FOR APPROVAL TO SEND TO THE DISTRICT HSYCC COMMITTEE FOR DISSEMINATION.</p>	<p>SARA: will provide an update on this issue.</p>
<p>District Items of Discussion</p>	<p>a. Lack of access of Sexual Assault Kits in communities – Sioux Lookout</p> <p>Sioux Lookout partners have identified a gap in service for women who have been sexually assaulted. These women are not able to have the Sexual Assault Kits done in the community.</p> <p>It was indicated that a meeting occurred on November 7th, 2016 with all the directors of the North and Lindsay would be providing the group with an update from what was discussed at this meeting. Once this is received the committee will discuss next steps to assist in addressing these issue.</p> <p>Jeff Duggan indicated that he has followed up on this issue and the individual is flown out by orange so they don't complete the kits in the community. Cases are not closed.</p> <p>It was indicated that there has been resistance from nurses to complete kits and follow-up with Donna Wolack is being discussed on this issue by the OPP.</p> <p>An update was provided this via email which was the following</p> <p>D/S/Sgt welllock of the OPP Sexual Assault Review Committee and DC Alana Jones with NAPS have been working on this issue for some time and are</p>	<p>LINDSAY & DAN: to provide an update for the next meeting. making headway with most communities.

Bottom line, if a victim chooses, she can have the SAE Kit done at the nursing station in her community.

Pik continues to be an issue and I am meeting with the head nurse and Adam the first week of March.

Alana tells me that she has had a lot done in her communities. I was going to do a one year "follow up" anyway so maybe the time to do it is now.

Will forward you the info this afternoon.

b. Transportation Costs for Individuals involved within the criminal justice system.

The committee was notified that the Kenora Rainy River District Mental Health & Addictions Network is currently looking at accumulating costs associated with transportation needs of individuals within the mental health & addictions network. The committee has requested to know how much funds are being spent on individuals within the criminal justice system in regards to the following areas:

- Ongoing transportation issues for those individuals being released from custody.
- Lack of connections within communities for ongoing transportation.
- Difficulties with transitions of clients between transportation types especially for clients with disabilities.
- No same day medical appointments to Winnipeg for individuals to attend which poses great difficulties for clients in regards to coordination of accommodation etc.
- Bus access/times are not accommodating for clients or service providers to assist.
- Clients have had to rely on emergency services to transport to another community for access to care (such as the schedule one facility)
- Some communities have no bus service and rely on police service to transport clients for access to care (such as the schedule one facility)
- There are ongoing Northern Travel Grant restrictions for specialized treatment that require provincial policy changes

ALL: Committee members to send Sara this information as she will accumulate this and send to the KRRDMHAN.

Jeff Duggan indicated that the OPP system has another code in their system that identifies mental health calls however does not break this out into cost.

d. Detox Utilization by clients involved within the criminal justice system.

It has been identified that service providers are utilizing the Morningstar Detox Center as a housing unit for individuals involved within the criminal justice system who are not appropriate for the service.

Patti indicated that there are many individuals who are at the Detox facility who are there because they are waiting a bed in a long-term care facility. There are other individuals who need access to a capacity assessments and can't afford this and then are admitted to the Detox Facility to then have their capacity assessed.

The committee would like to know how other communities are managing these two issues.

No other communities have responded to this inquiry.

Patti indicated that acute care beds at the Morningstar Detox Center are being used at times for individuals waiting to be admitted to long-term care or for individuals being released from custody through the Post Custody Enhancement Program.

e. Post Custody Enhancement Program areas of support that committee can assist with.

It has been identified that there are ongoing issues around individuals being adjudicated in court who have significant mental health and addictions issues without the Post Custody Enhancement Program being aware of their adjudication and not being able to assist properly.

Sara will be setting up a meeting with the Kenora Crown's Office to discuss the above issue and develop a service agreement with the Kenora Crown's Office where appropriate.

This meeting will be occurring within the next few months and the group will also be

SARA: will connect with Provincial HSJCC on this and provide an update.

PATTI: to provide further updates to the committee on this issue.

PATTI: will provide an update on any further

meeting with the Court Users Group.

This meeting took place and information sharing has begun and further follow-up will be requested as issues arise.

f. Discharge of clients from jail without medication

It was identified that there are a large number of individuals who are being released from custody without proper discharge planning and communication with the Kenora District Jail.

The Kenora District Services Board indicated that if there is anything related to clients who are a part of the KDSB that they can assist with the transitioning planning.

A meeting will be set up with the Court User's Group at the Kenora Courthouse to discuss the above. The following individuals have identified wanting to attend this meeting:

- Brenda Robertson
- Sarah Stevenson
- Jennifer Reimer
- Sara Dias
- Jessica Gilbertson
- Kylie Holmstrom

This meeting occurred and communication has begun amongst service providers to mitigate the issue and will be monitored within the next few months.

g. Discharge Protocols

There was discussion around the lack of consistency around discharge protocols of individuals from mental health court from the jail. Discussions have been had and the court office will be following up with the jail. There were discussions on the realities of not being able to predict what happens in court for clients which disrupts any seamless discharge process. Lawyers and the courts have indicated that they will do their best to ensure that communication of discharges be discussed with service providers.

This has improved and we will monitored for the next meeting.

h. NEW ISSUE: Clinical Pathway to Care for Clients Withdrawing from Crystal Meth

Patti indicated that there is a development of a working group to discuss this item. The

developments for the next meeting.

BRENDA: to provide an update for the next meeting.

JESSICA, KYLIE, BRENDA & MICHELLE QUEEN: to provide updates for the next meeting.

PATTI: to provide an update for the next meeting.

	<p>group will be led by Bruce Siciliano, Vice-President of Mental Health & Addictions Programs for the Lake of the Woods District Hospital. The chair persons of the committee have been invited to participate in this working group.</p> <p>Ann from Dryden Police Service indicated that they have significant issues with having individuals coming into custody under the influence of methamphetamine and are in acute withdrawal. The Detox is not being utilized which is posing a great issue for these clients.</p>	<p>ANN: to provide an update for the next meeting on this issue.</p>
<p>Standing Program & Committee updates</p>	<p>a. <u>Youth Mental Health Court Worker</u></p> <p>Amy Stamp provided the following update:</p> <ul style="list-style-type: none"> - 10 Individuals supported by the program - 4 individuals in Mental Health Court - 2 individuals on diversion - 1 individual up for a potential diversion - 1 individual successfully complete diversion - 6 s.34 assessments <p>b. <u>Mental Health Court Diversion/Support Workers</u></p> <p>CMHA Kenora Branch provided the following update:</p> <ul style="list-style-type: none"> • 59 individuals participating in Mental Health Court • 14 individuals supported through Court Program but not participating in Mental Health Court • 2 individuals entered into Mental Health Diversion • 2 individual approved for Mental Health Diversion • 2 individuals awaiting Diversion Assessment through Forensic Psychiatry Program at CMHA Kenora Branch to determine eligibility • 3 individuals successfully completed Diversion • 10 individuals awaiting a Forensic Assessment • 20 Number of Dual Diagnosed Clients <p>CMHA Fort Frances did not provide an update.</p> <p>c. <u>Mental Health Court</u></p>	

Issues identified through the court were identified under Districts Items for Discussion above in items h and i.

There was a discussion of having an information update on the Youth Mental Health Court Position through FIREFLY as there is some confusion on the edibility of the program.

d. Drug Court

It was indicated that currently this court does not have any clients participating. The number of cases are small as cases are complex. The discussion has been how the court can support withdrawal of clients appropriately. Meth is an ongoing program currently and the length of time it takes to withdraw from this poses difficulty in engaging clients in the process as clients during withdrawal become paranoid. **The question has been how service providers within addictions can educate the courts on this process and what the appropriate length of stay needs to be.**

The members will be having a meeting with the working group on how they will be addressing this.

It was also indicated that currently there are 5 individuals within this court.

This is a new workplan item for 2018-2019 and training on the Drug Court Model will be coordinated moving forward.

e. Youth Service Collaborative

No further meeting has occurred to date. This will occur in the fall.

f. Indigenous Bail Program

Pikangikum's Program is now up and running.

There is an increase from the Sioux Lookout and Dryden area.

Bail Beds will be developed in Kenora in partnership with the Kenora Chiefs Advisory

f. FASD NW Ontario Regional Network Update

This was tabled as Sherry Baum left the meeting early.

There was indication that there is now a FASD Case Worker that is permanent funding at FIREFLY for this and there are approximately 100 people on the

<p>e. Hospital Transfer of Care Protocol with the OPP</p>	<p>Bob indicated that locally there is an agreement with the Lake of the Woods District Hospital which is still be worked on. In the agreement there is a process on how the hospital will respond to police attendance. The hospital when the police attend signs off so that the officers can be released and if not the hospital then pays for officer's time to stay. If someone is presenting as violent the officers will staff until the situation is de-escalated. If there is an alcohol or drug issue when police attend a call they are not lodging these individuals in their cells but are taking them to the hospital to be assessed or the detox center.
