

## HSJCC Network Reporting Template

### Background

As per the Ministry of Health's reporting requirements, the Provincial, Regional and Local HSJCCs are required to report on their committee's activities twice a year through work planning and reporting.

Work planning assists HSJCCs in mapping out their planned activities for the year ahead. This keeps members well informed of what is happening at a Local, Regional and Provincial levels within the HSJCC Network. Annual reports demonstrate the key outcomes from the previous fiscal year and ensures transparency and accountability across the network. It is also a great way of highlighting the impact of our work and showcases the accomplishments of the HSJCC Network.
