INTRODUCTION

The intent of the “Community Mental Health and Addiction Program” (CMHAP) funding is to strengthen system support functions and direct services for the purpose of advancing **Phase 2 of Ontario’s Comprehensive Mental Health and Addictions Strategy**, which consists of five strategic pillars:

- Pillar 1. Promote resiliency and well-being in Ontarians
- Pillar 2. Ensure early identification and intervention
- Pillar 3. Expand housing, employment supports, and encourage diversion and transitions from the justice system
- Pillar 4. Right service, right time, right place (improve coordination and transitions)
- Pillar 5. Fund based on quality and need (funding reform)

CMHAP activities relate to one or more of the following system support functions and/or direct services:

1. **Information Management:** activities related to the management of mental health and addiction service system information, including personal client information.
2. **Collaboration & Collaborative Care:** activities related to collaborative care and collaboration in general, including new inter-agency relationships resulting in new protocols and agreements.
3. **Training and Professional Development:** activities intended to ensure appropriate initial & ongoing education and training of professionals/ para-professionals required to perform the full range of system functions.
4. **Knowledge Translation and Exchange:** activities intended to influence service provider behaviour through better knowledge of emerging issues and best-practices. Activities include clinical guideline development, promising practice identification, knowledge translation, knowledge transfer and mentoring, as well as monitoring and evaluation of the success of research and knowledge exchange.
5. **Service and System performance, Monitoring and Evaluation:** all quality assurance and standards activities intended to ensure that: a) services and supports are producing desired client outcomes; b) the system is operating in a way that supports improved client outcomes.
6. **Direct services:** activities involving client assessment and care planning, referrals to follow-up services/supports, and interventions to improve functioning and quality of life, support self-management, wellness, recovery and harm-reduction.
