We have been working on liaising with other court diversion and support providers and service providers to make up our committee membership which so far has been a challenge getting people to the table. We now have HANDS Court Diversion workers participating on our committee. Due to the committee's infancy we will mainly focus on membership-building at this time.</p> <ul style="list-style-type: none"> We will continue to work on building committee membership. Plan to connect with the Sault Ste. Marie HSJCC and discuss the history of their committee development to see if there are pointers that we can consider for the development of our committee. I had a good meeting with the John Howard Society and have one scheduled with Elizabeth Fry as part of the movement towards developing an ABI response to court diversion and justice issues. 3. The Brain Injury Association in Sudbury and District (BIASD) has moved to the MS Centre of Hope at 2750 Bancroft in Sudbury. They are having Peer Mentoring training on July 9.
